Scarden Denies Bath House Story Editor Leader:—My attention was called to an article on the front of your valuable paper in regard to the Bath House, ending, "Said Scarden" or tending to show the article my suggestion.

Please publish in your paper that it is no suggestion of mine, that if such a suggestion was made it was made by some one else and not me. Will say further that I would bitterly protest same as a citizen. It would be a disaster to have an institution of that kind in our town.—J. R. Scarden.

A Real Christmas Treat At Logan County Farm, at Toward The first on program was Mr. and Mrs. Fred Pugh and others at Guthrie who made all hearts to rejoice in the sermon he preached of God and his love to mankind, then in afternoon here came Miss Babep and her campfire girls to trim the Christmas tree. They also through the help of friends presented the home with a new victrola and it is a real treat in the home bringing cheer to each lover of music. Then to make us wish for them back again they sang us Christmas songs.

On Christmas morning here came Miss Coughlan and her friends with home made candy and fruit and more records for all these we the inmates and all wish to express our heart felt thanks for the many valuable presents that gave cheer to one and all at the home we wouldn't forget Mrs. Gibson who so kindly remembered each one in the home with a present and by the way how could we forget Henry and Pearl and now to put the finishing touch come these two big turkeys that the Acorn society furnished, the cooks knew just how to fix to queen's taste. We had all we could eat Christmas also the next day, which was equal to forty meals, we express our thanks to our superintendent and wife for the part they took in making it enjoyable for all the inmates.—An Inmate.

Save Guthrie's Industry Editor Leader: We seem to have among us a new enterprise from Oklahoma City. The question in the minds of all of us here in Guthrie, who are true Guthrieans, is whether this, Oklahoma City enterprise is going to be beneficial to Guthrie. Now, do they take money from us, or leave money with us? As the writer sees it they take all and leave nothing. If you go to Oklahoma City, really don't you think Oklahoma City has taken enough from Guthrie? Our bakeries have a turnover of something over \$25,000 a month.

they employ help and pay taxes and rent all of which goes to Guthrie. Some few weeks ago, an expert in the baking of bread spent a week in Guthrie with our bakeries. He showed them what the best and largest bakeries in the United States were doing. And how and what to do to improve their bread. They buy the very best material for their baking. It shows very clearly that our bakeries are doing all they possibly can to put out a good loaf of bread. The writer for one thinks they are successful. This enterprise from Oklahoma City is a large concern and in a very short time could very easily eliminate our bakeries and would not give us a baking plant in return, because of being more than able to supply Guthrie's consumption from Oklahoma City. This is what has been done and is being done in the bakery business today. Now does Guthrie want to save her bakeries, or let Oklahoma City take this enterprise from us? Citizens of Guthrie, are you going to save this industry?—(A Taxpayer who is not a baker, but a loyal citizen.)

Taking Desperate Chances It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

Mrs. W. E. Combs, of Mulhall, is receiving treatment at the M. E. hospital. Mrs. Ferguson is throwing a fit because of a song entitled: "I love everybody's wife but my own". Mrs. C. F. I am glad to be pleased, at any time, to speak a word in praise of them." writes Mrs. Laura M. Hoyt, Rockport, N. Y.

"Jim, Dear, We're Not Getting Ahead" "I've been going over our accounts for 1922 and I find that we're not a cent richer than we were a year ago, despite your increase in salary. Instead I seem always to be worrying about making ends meet! I guess it's all because we've been in the habit of spending every cent of our income." "You're right, dear," agreed John. "Why not let's start right now to save part of my monthly earnings and start a building and loan. We'll feel far safer and happier than living from hand to mouth. I'm going right over and consult Mr. Williams at the EMPLOYEES BUILDING AND LOAN ASSOCIATION 113 South Division. Guthrie, Oklahoma.
